Sustaining Members Night

Spouses and guests are invited and welcome.

Williamson Restaurant, Easton Road, Horsham, PA

Speaker: STEVE CHRISTINI, Christini Technologies, Inc.

Topic: Development & Marketing of "All Wheel Drive" in the Motorcycle & Bicycle Industry

Steve Christini is the founder and President of Christini Technologies, Inc., the world's leading developer of All-Wheel Drive Mountain Bikes and shaft driven AWD Motorcycles.

Steve is from Towanda, Pennsylvania and was an active inventor and sportsman in his early years. He has been an enthusiast of mechanical inventions and has an eye for product development that started with modeling and design at an early age.

In 1990, he moved to Italy, where he discovered his love of mountain biking. After returning from Italy, he attended Villanova University where he pursued Mechanical Engineering and Business. While at Villanova, Steve developed the concept of a shaft drive All Wheel Drive bicycle, and made it his Senior Design project. He developed and built the first prototype on Villanova's Campus and was able to prove that AWD works on a 2-Wheel vehicle.

After graduating in 1995, Steve pursued a career at Air Products and Chemicals, Inc. where he worked in a variety of engineering roles until the summer of 1998. At that time,

he left the corporate world, and pursued the dream that began while at Villanova University. Development of the refined technology began in 1998 and Christini Technologies, Inc. was formed in 1999 after its initial financing. The first production two wheel drive mountain bike was sold in August of 2002. Currently the company has a partnership with Jeep bicycles to manufacture and distribute the AWD technology worldwide. Christini Technologies, Inc. also sells bikes in the US and currently exports to 15 countries under the Christini brand.

Christini has also developed and implemented this shaft drive technology into motorcycles. They are currently developing an aftermarket kit that enables riders to upgrade their motorcycles to All Wheel Drive, with the ultimate goal of partnering with a large OEM to make AWD a mainstream motorcycle technology.

In his spare time, Steve enjoys outdoor sports including Wakeboarding, Snowboarding, and biking.

Chairperson's Message

April, 2006

Greetings, ASM International's Liberty Bell Chapter!

It's finally April. The Void is over. Baseball is back.

In its own unique way, our ASM Chapter will honor the
Great American Pastime at the end of this month, as we
tour the Battleship New Jersey and then watch the
Camden Riversharks (an independent minor league base-
ball team) in their Opening Night Game, followed by a fire-

works display over the Delaware River. (Only the fireworks will be over the river. You get
to stay in your seat.) Just one short week later, we'll get together for Dinner, Drinks and
Dancing at our annual Spring Fling, but first, we have our biggest night of the year. In
addition to the technical talk, we'll be honoring our Sustaining Members with a mini-expo-
sition and judging the graduate students' poster contest, with \$1000 in total prizes! In
case you have trouble remembering all we have to do in April, I've heard that music can
be helpful. This little ditty should help jog your memory. I think you'll know the tune: One,
two, three, one, two three...

Take me out to A - S - M - !

Sus - taining Members' Night!

First: Mini-Expo; Then: Technical Talk -

"All-Wheel Drive Bicycles"

(Ride them, Don't walk!)

But first judge, judge, judge poster con - test!

Three cash prizes for you grads!

Then a Ship - tour, ball game and fireworks

Twenty-one bucks? Not Bad!

OK, so it isn't Shakespeare, but you get the point.

By the way, speaking of "sustaining" members (with a lower-case "s"), the Chapter
could still use the support of anyone who's willing to be a meeting sponsor. Please
contact Fred Klock if you can help.

Respectfully,

Travis M. Nelson

2005-06 ASM Liberty Bell Chapter Chairman

Mission Statement

The Philadelphia "Liberty Bell" Chapter of ASM International supports the development and contin-
uance of the materials industry in the Philadelphia area. Chapter activities strive to inform the local tech-
nical community of new developments in materials, raise the visibility of the materials industry, provide edu-
cational opportunities in materials technology, recruit new people and organizations into materials-related
activities, and provide networking opportunities for members of the materials community. The Chapter
works with ASM International to use our joint resources to accomplish this mission.

Two for One : one: Tour Battleship New Jersey Two: Opening Night Game Camden River Sharks Baseball w/ Fireworks

Make one trip across the Delaware River and get two great events. The Professional Development Committee is pleased to announce a tour of the historic Battleship New Jersey, followed immediately by opening night of the Camden River Sharks baseball team on Friday, April 28. The tour starts at 4:00 pm and will last approximately 2 hours. The game starts at 7:05 pm and the stadium is within walking distance of the Battleship. Further, the game will be followed by an exciting fireworks display. Because the Chapter has already made reservations, it is important to get an accurate number of attendees ASAP. Please notify Don Jordan at dfj@solaratm.com or 215-721-1502 x 206. The price of the tour is \$11 and the game \$10. Travel is easy; the location is directly across the Delaware River from Philadelphia. A great afternoon and night out, with fellowship, all for only \$21. See you in the spring!!!

C.F. Burns Memorial Poster Contest

The Liberty Bell Chapter will be holding its 5th annual poster contest for graduate students during our Sustaining Members Night on April 20, 2006. This will be the third year the contest is sponsored by Solar Atmospheres, Inc. Prize money will be \$500 for 1st Place, \$300 for 2nd Place and \$200 for 3rd Place. Due to limited space, we are asking students to pre-register. Space will be awarded on a first come, first serve basis. Please register your name and poster tile with Don Jordan at dfj@solaratm.com. Good luck to everyone!

In Memoriam

Ernie Schlegel

Our chapter, earlier this year, lost a very loyal local ASM member and a very frequent attendee of our monthly meetings. Ernie Schlegel was born in 1926, and joined ASM in 1969 entitling Ernie with Lifetime ASM benefits.

Ernie was a Machine Shop Supervisor at the Budd Company and it is believed that Ernie taught for many many years at the Montgomery County Community college. We will miss his presence
